DynaMed and Dynamic Health

Two *different* products

| *With similar interface and navigation*

SUMMARY

What are Similarities and Differences Between DynaMed and Dynamic Health?

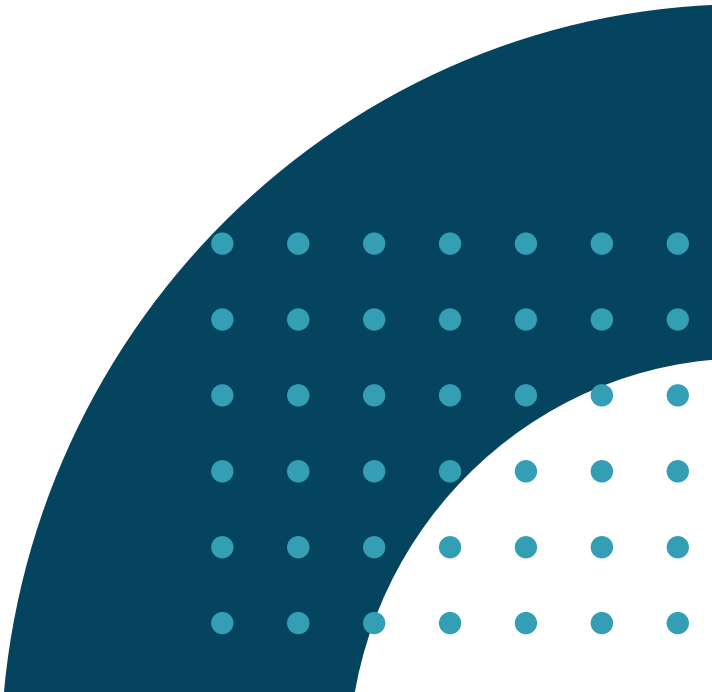

Similarities of DM and DH

- *Both are point-of-care, decision-support software tools for clinicians*
- *Both are owned by **EBSCO** and gifted to Somali clinicians for free, indefinitely, exclusively through KCE*
- *Both have both a mobile app, which can be used **offline**, and an internet version (desktop computer), and are available for iOS and Android*

SUMMARY

What are Similarities and Differences Between DynaMed and Dynamic Health?

Similarities of DM and DH

- *Both have the same registration/download procedure*
 - *Both DM and DH use **same personal user account***
 - *Both are equipped with **AI (Dyna AI)***
 - *Both have vast, comprehensive, updated databases*
- 

SUMMARY

What are Similarities and Differences Between DynaMed and Dynamic Health?

DIFFERENCE between DM and DH

- *DynaMed is oriented toward **physicians** and has medical content*
- *Dynamic Health is oriented toward **nurses** and has nursing content*

Are DynaMed & Dynamic Health International?

- *Medical evidence and patient information are **international**, not just American*
- *International Guidelines created by the **WHO** and multiple other organizations*

DynaMed[®] DynamicHealth[™]

Ranked **“Best in the World”**
by healthcare professionals!

REVIEW QUESTIONS

Using DynaMed and DynamicHealth

Can I use the DynaMed and Dynamic Health apps offline?

Yes!

Does the DynaMed/Dynamic Health app authentication expire?

No! Your Personal Account is continuously validated

What is Dyna AI?

- *Fast, question-specific responses for all topics*
- *Information presented in easy-to-read format, although standard format still offered*
- *Text reviewed by experts before publication*
- *Minimal error or hallucinations—**must still check critical info***

Interactive Cases
