Somalia 2026

Message from Founder and Executive Director Dr. Ron Dieckmann:

"Our team from KidsCareEverywhere (KCE) is presently on the ground in Somalia, where we are engaged in an exciting national project to donate award-winning medical and nursing software to clinicians across the country, primarily for use on mobile phones. This initiative will influence the quality of the health care provided to millions of patients. We are conducting this project in collaboration with the Global Health Alliance, the Ministry of Health and the World Health Organization. What our team has accomplished on the first days in this resource-limited country is truly inspiring. The Blog and images below reveal the enormous energy and good will generated among the clinicians in Somalia by our KCE project. Over this week, we will post daily Blogs of the team's work to share the spirit of the mission."

Report from the front lines in Somalia: Blog #8

November 1, 2026

"At the Garowe airport, accompanied by Yonis, Mohamud, Ikraan and Ismail (thankfully)! We had multiple trips through security and finally successfully boarded the plane for Addis. This team smoothed every bump, pivoted with ease, and took such good care of us. Gratitude.

The rest of the team, sans the 2 of us, are flying to Mogadishu tomorrow for several more days of training - DM, DH, ENC 1&2, and Healthy Mothers - exactly as we did in Garowe. Yonis has set a goal to train 700 by the end of the year. We have no doubt he will accomplish this."
